Lisbon, March 19, *N. S.*

THE whole Value of the Bahia Fleet which arrived the 1ſt Inſtant, is computed to amount to above 10 Millions of Cruzades, making 1100000 Pounds Sterling, the Specie alone is valued at ſix Millions of Crowns or 660000 Pounds, out of which above 160000 belong to the King of Portugal. The Fleet from Pernambuco having been diſperſed at Sea by a Storm in the Latitude of the Weſtern Iſlands, and only eight of the Merchant Ships belonging to that Fleet having entred this River on the 8th and 11th Inſtant, they were under very great Apprehenſions here for the reſt of that Fleet, from which they were freed on the 16th by the Arrival of the Man of War with 21 Merchant Ships under his Convoy, which with the eight Ships before-mentioned are all that were expected from thoſe Parts. This Fleet is ſaid to be very rich in Sugars and Hides, as bringing the Return of three Fleets, but the Specie is not valued at more than three Millions of Cruzades, or 330000 Pounds Sterling. The Dutch Fleet intended for the Baltick, is arrived at St. Ubes and at this Place, in order to take in their Lading of Salt, and are to be convoyed by two Men of War which are daily expected in this River. His Britannick Majeſty's Ships the Deptford and the Lime-Galley continue ſtill in this Harbour, the former is preparing to ſail in a few Days for the Downes, and the other will proceed ſhortly for the Streights.

Turin, March 29, *N. S.* On the 24th Inſtant the Nobility of both Sexes had the Honour of kiſſing their Sardinian Majeſties Hands and the Prince of Piedmont's, after making their Compliments of Condolance on Madame Royale's Death: And the next Day the Britiſh Envoy had publick Audiences on the ſame Occaſion. Afterwards the Senate and Magiſtrates went in Bodies to the Palace, where the Preſidents of each made Speeches of Condolance. His Sardinian Majeſty has given Orders for a very ſtrict Mourning; all who frequent the Court being enjoyned to appear not only there, but at all publick Places, in long black Cloaks, Cambrick Bands, Chamoy Shooes, Weepers, &c. and without Powder: Which Rule is to be obſerved 40 Days. The Princeſs Louiſa, Siſter to Prince Eugene, has been extreamly ill, but her Diſtemper having proved the Meaſles, ſhe is much better ſince they came out, and there are no further Apprehenſions of Danger.

Cambray, March 30, *N. S.* On the 28th Inſtant at Night arrived here a Courier from Vienna, with his Imperial Majeſty's
